How to get offline maps into my Locus Map?

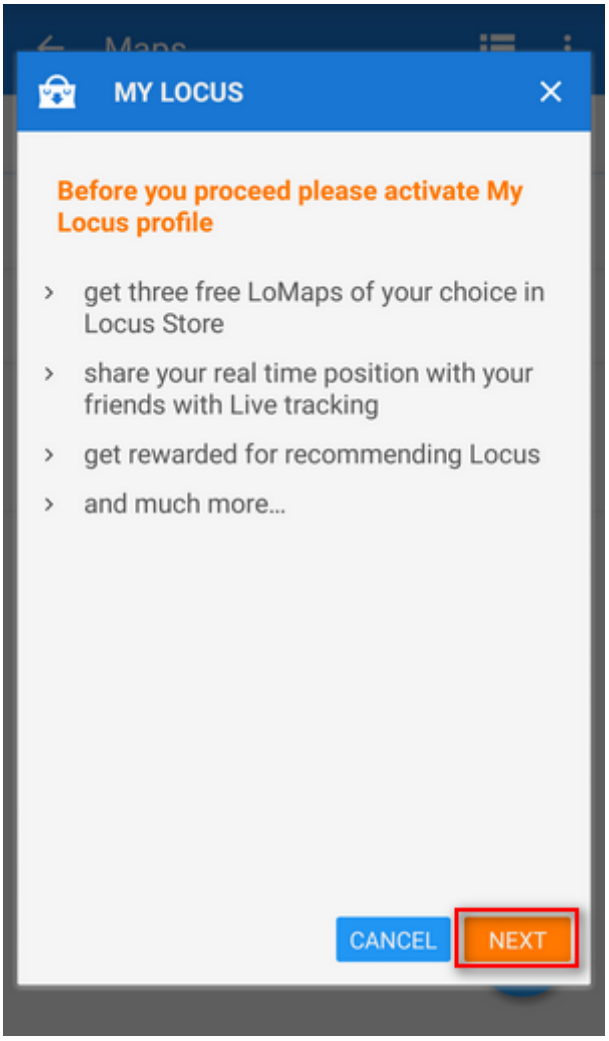

Perfect offline maps to start with are our **LoMaps**. They are very accurate, detailed and memory space-friendly, they cover the whole World and **first three you can take for free** as a gift from us. You can find them in **Locus Store**. The simplest way to get them is this:

<html><iframe width="600" height="338" src="https://www.youtube.com/embed/bxo7dstIn5c?rel=0&controls=0&showinfo=0" frameborder="0" allowfullscreen></iframe></html>

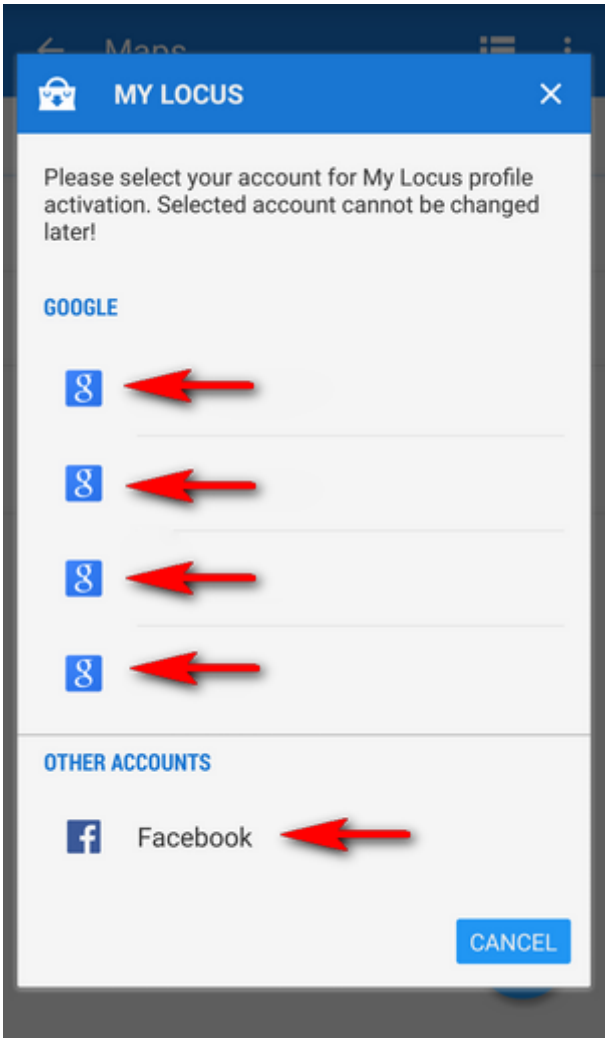

- Main menu button **Maps manager** offers three categories of maps in three tabs - **Online**, **Offline** and **WMS** - select **Offline**
- In the **Offline** tab - tap and select **Offline maps download**:

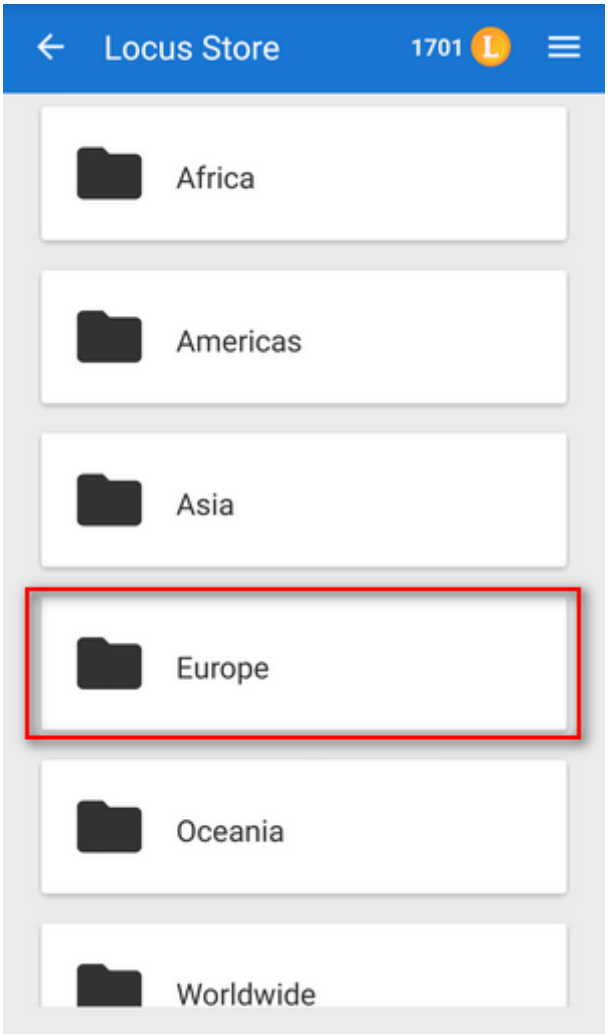

- Before you can proceed you are prompted to sign in My Locus profile.

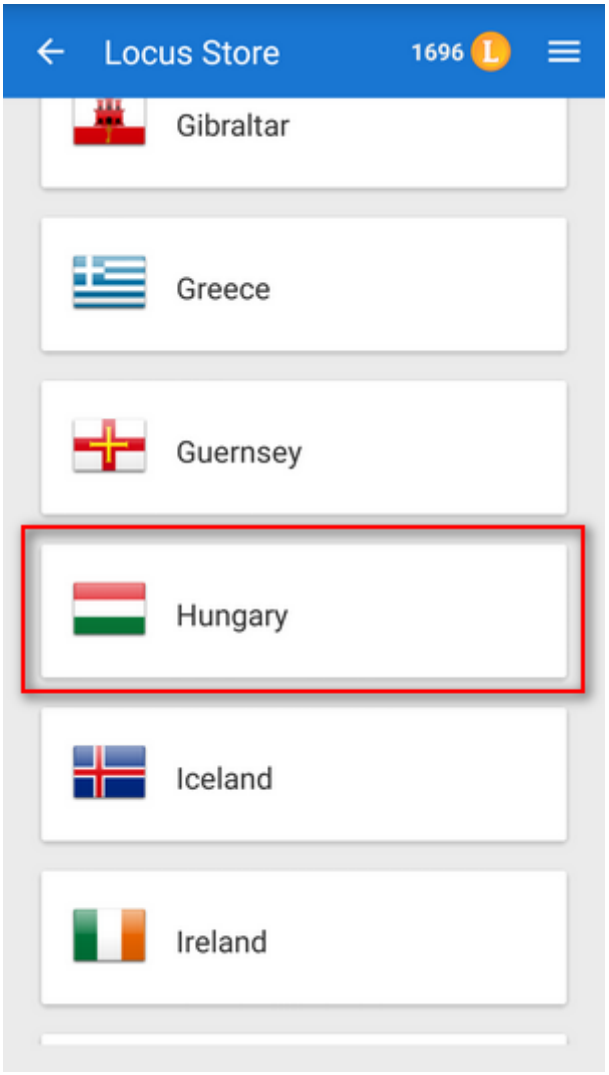

- Select one of your accounts - Google or Facebook:

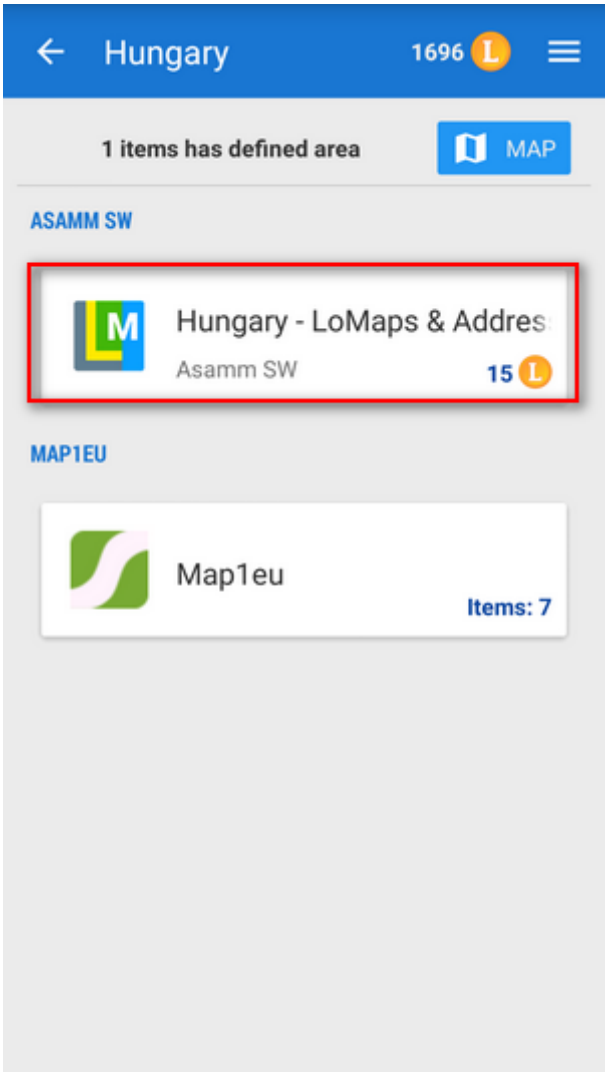

- **Welcome to Locus Store!** Select a continent...

- ...a LoMap:

- ...and download it:

After downloading three free LoMaps you will be asked for purchasing others for LoCoins - our virtual currency.

- The LoMap emerges in the Offline map tab - **enjoy!**

Locus can also download online maps - detailed instruction can be found **here >>**
