

# Main Menu and its Settings

---

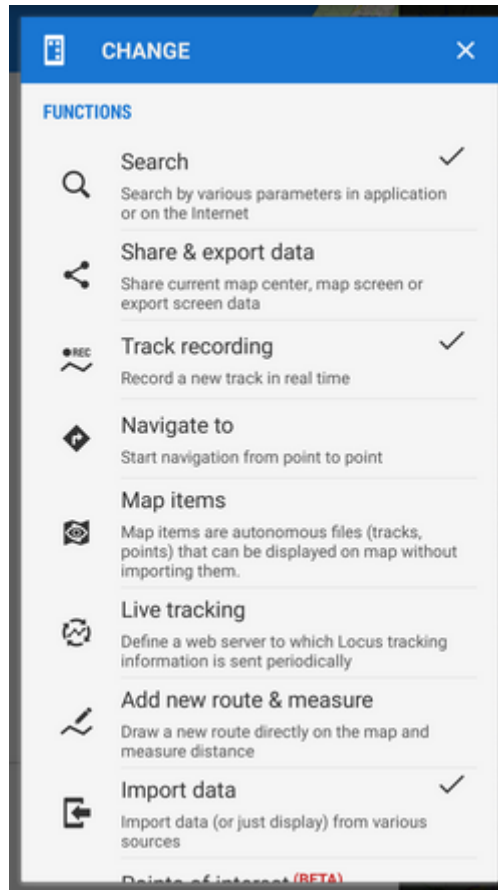

## Main Menu

The first six buttons of Locus Map's main menu can be set according to your needs (similarly to the [Functions Panels](#)):

- open the Main menu
- long tap any of the first six main buttons

- select another function from the portfolio and tap it

- the button shortcut has been changed

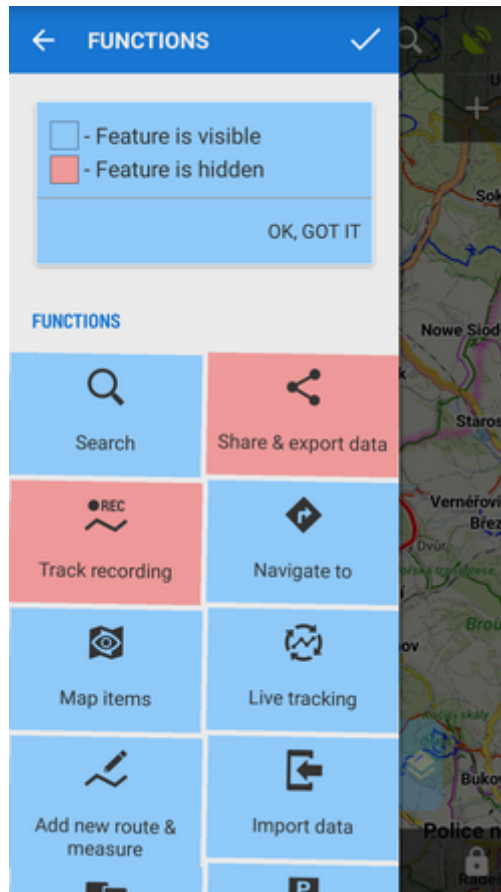

## More functions ->

By default, this section contains **all features and functions** Locus Map provides which can be a bit too complex for somebody - it is possible to activate only those buttons of features you are going to use and others deactivate. It's simple:

- tap  button in the upper bar

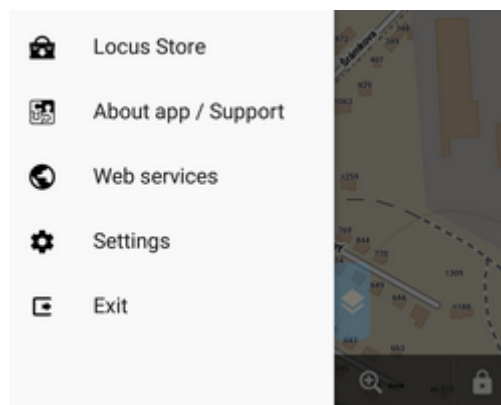

- active buttons are blue - by tapping you can deactivate them - they turn red

- confirm by ✓ button
- the red-highlighted buttons disappeared from the menu > more functions

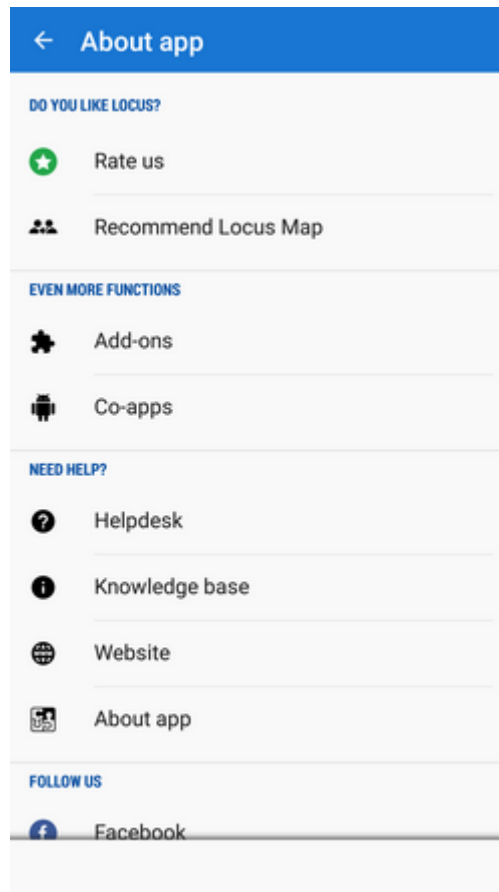

**The settings can be changed any time - turn the red buttons into blue and activate them back.**

## Locus Store

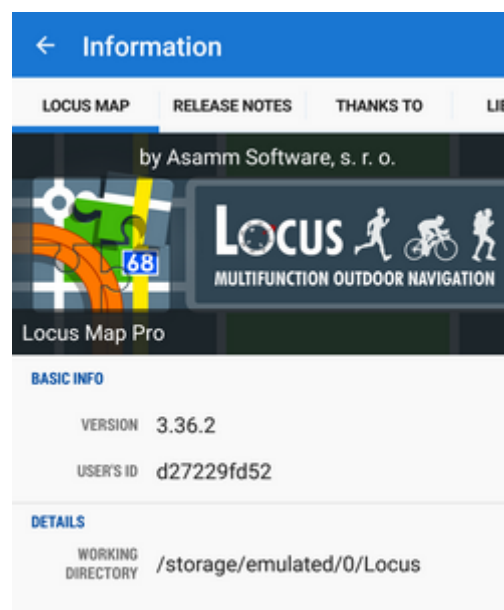

- leads to **Locus Store** where you can download maps, graphics and additional features. The button is not editable.

## About App/Support

This section sums up all information regarding Locus Map as application. Here you can

- **rate app** on [Google Play](#)
- **recommend app** and [get LoCoins as reward](#)
- get to all Locus **add-ons** and **cooperating apps**
- get **help**
- get more information at [Locus website](#)
- get info about the **app version, user ID, used working directory, latest release notes** etc.:

- follow us on [Facebook](#), [Google+](#) and [Twitter](#)

## Web services

This button leads to third-party **Web services** linked to Locus, providing additional content - [GPSies.com](http://GPSies.com) and [Vylety.zabava.cz](http://Vylety.zabava.cz).

## Settings

- all [Locus Map settings >>](#)

## Exit

- turns Locus Map off. Not visible when fullscreen mode is off.
