

Where can I download Locus Map?

- Obviously as an android user you've got familiarised with **Google Play Store** and that's the first place where you can fetch your **Locus Map**.
 1. **TEST IT!** - download [Locus Map Free >>>](#)
Try all basic features Locus offers for free!
 2. **BUY IT!** - download [Locus Map Pro >>>](#)
Enjoy full featured application without limits.

- **Amazon** is another store where you can get Locus Map (Free version only) - the only chance for **BlackBerry** users

- If you're a proud owner of a **Samsung** device, try the **Samsung Apps Store** (Free version only again).

When you download your desired travel mate and proceed with installation, **don't switch off your internet connection, Locus Map** needs to communicate online with its servers before its start.
