

# Where can I download Locus Map?

## Google Play Store

Obviously, as an android user you've got familiarized with [Google Play Store](#) and that's the primary place where you can fetch your **Locus Map**. Here's how we recommend to proceed:

### Test it for free!

- download [free version of Locus Map >>>](#)
- try all basic features Locus offers!

### Buy full version!

- if you liked the free version and want to have more, download [Locus Map Pro >>>](#)
- enjoy full featured application without limits.

## Amazon Appstore

For those who don't favor Google and its services, we offer another place where you can get Locus Map - and it is the only chance for **BlackBerry** users: [Amazon Appstore](#).

Get both the free version there:

- [Locus Map Free >>](#)

And also the full Locus Map Pro:

- [Locus Map Pro >>](#)

### Beware!

- Google and Amazon accounts are not connected so purchase on one of them can't be swapped or otherwise transferred to the other. Whatsmore, Amazon policy of **All Sales Final** means no refunds in case you want to return the purchased app (Google provides up to a one-year money-back guarantee)
- Amazon, unfortunately, recently stopped supporting some devices
