

## How can I record my trip track?

Do you want to show the trip to your buddies? No problem with Locus Map:

- turn your GPS on. The GPS icon must be green
- tap **Menu** > **More** and select **Track recording**. Tap the **green button** on the tracking panel and your track is being recorded. The recording panel can be slid back by finger and a small tab indicating the recording status remains visible on the left side. <a href="https://example.com/html">https://example.com/html</a>
- you can see the tracking right on the map the A blue arrow is **drawing a line**.

• when you get to the finish of your trip, tap the red Stop button.
