I need to use Locus Map Classic on a different phone or tablet. Do I have to buy Locus Map Classic again?

No, you don't.

Your **purchase of Locus Map Classic is associated with your Google Play Store account**, NOT with your phone or tablet.

- Add the Google Play account, which you used for purchasing Locus Classic, to your mobile phone.
- Install Locus from your store. No price tag is displayed by the app, just the **Install** button.

Should you have any difficulties, please contact us via **help.locusmap.eu.**. Inform us also about the details of the account, through which you have purchased the application. We will check the status of your purchase.
