

Contacts Add-on

About

- download from [Google Play](#)
- Add-on Contacts enables searching and displaying addresses of contacts stored in your mobile device on map

All add-ons need to be connected to Locus Map. **Switch the connection ON** in Locus settings > Miscellaneous > Connect with add-ons.

Instructions of Use

- **Menu > Search > Contact** - browse your contacts, filter them, tap selected to display on map. More about [Search in Locus Map >>](#)
- **Location Selector** - this tool is triggered at any place where acquiring location is required. Contacts are one of its many options.
